

When You Can Talk Privately

“People have shared with us that their (ex-)partner pressured them to use substances, use in ways that they didn’t want to, or used their substance use as a way to control them. Using substances is a common way to deal with physical and emotional pain. If you can relate to any of this, know that we’re here to help.”

Common Forms of Substance Use Coercion

Introduction to or **escalation** of substance use

Forced use or withdrawal

Self-medication to cope

Sabotaging treatment access or recovery efforts

Using **stigma** to isolate, discredit, or threaten

Blaming abuse on use

Validate and Affirm

- None of this is your fault
- You deserve to be treated with dignity and respect, no matter what
- I believe you
- You are not alone

“Would it be helpful to talk about some **safety strategies** and **resources**?”

Safety Plan: Access and Recovery

Collaboratively Strategize:

- Safe communication (telehealth, phone, mail, etc.)
- Stalking risk and appointment schedule
- Staying connected to services if pressured by a (ex-)partner to leave
- Maintaining control of medication(s), including MAR/MAT
- Threats to disclose or subpoena protected health information
- Legal documents that enable a (ex-)partner or social contact to exert control over the person
